

CONSULTANT PROFILE

Consultant Cardiologist & Electrophysiologist

Qualifying from St Bartholomew's Hospital Medical College in 1995, Dr Harris trained in Cardiology and Cardiac Electrophysiology in London and Edinburgh. He was appointed Consultant Cardiologist at St Bartholomew's Hospital in April 2005 before moving to the Essex Cardiothoracic Centre in August 2007 to lead the development of arrhythmia services for Essex. Dr Harris has been involved in the teaching of medical students throughout his career, teaching Cardiology trainees on a local and national level as well as UK and European Cardiologists

Dr Harris is currently the arrhythmia lead of the Essex Cardiac & Stroke Network and Chairman for both the Cardiology User Group and the Orwell Cardiothoracic Unit Medical Advisory Committee.

International Memberships Include:

Steering Committee for EFFECT
 Steering Committee and UK Principle Investigator for CLARITY-AF
 UK Principle Investigator for RF Study and TUTOR

Main Interests

His main interests include the investigation and treatment of all heart rhythm disorders including catheter ablation and the use of advanced device therapy in the prevention of sudden cardiac death and the treatment of heart failure including implantable defibrillators and cardiac resynchronisation therapy.
