

CONSULTANT PROFILE

Consultant Cardiologist

Background:

Dr Kare Tang graduated in medical sciences from Southampton University. He then went on to complete his clinical studies at Papworth and Addenbrookes Hospital in Cambridge gaining specialist accreditation in both general medicine as well as cardiology. Academic achievements include becoming a Member of the Royal College of Physicians (UK) in 1995 and subsequently a Fellow in 2007.

Training Profile:

His medical training started at Southampton University Hospital and then subsequently as cardiology registrar at Norfolk and Norwich, Peterborough, Papworth and Addenbrookes Hospital. He was appointed Specialist Medical Officer Prince of Wales Hospital in Hong Kong for 2 years where he had high volume training in coronary angiography, pacemaker insertion and echocardiography.

Special Interests:

- Diagnostic angiography
- Pacemaker implantation and assessment of valvular heart disease
- Transoesophageal echocardiography and nuclear myocardial perfusion imaging

In addition, his specialist interests include:

- Screening for coronary disease
- Assessing cardiac risk
- Non-invasive CT scanning
- Calcium scoring of coronary arteries.

General cardiology interests include:

- Management of lipids abnormalities
- Coronary risk assessment
- Arrhythmias
- Heart failure and heart valve disease
- Adult congenital heart disease
- Hypertension
