We are **Ramsay Health Care UK**

Ramsay Health Care is a leading, global private health care operator which has been delivering great care to patients for over 50 years, with 480 hospitals and facilities across 11 countries including Australia, France, Denmark, Sweden, Italy, Norway, Germany, Indonesia and the United Kingdom. As an established healthcare provider, Ramsay is known for operating quality hospitals, with exceptional facilities, outstanding standards of patient care and safety and importantly, happy and driven staff.

In the UK, Ramsay Health Care operates 37 facilities across England, including 4 day case hospitals, offering a range of elective procedures including Orthopaedic, Spinal Surgery, General Surgery, Women's and Men's Health and Ophthalmology, and 3 Neurological Rehabilitation Centres. Ramsay is the largest Independent Health Care Provider of NHS elective care to the NHS, delivering 3% of all NHS commissioned elective surgery in 2018/19.

The culture of Ramsay Health Care centres on always striving to do the right thing for the patient. The strapline 'People caring for People' is not just a statement, but a reflection of the values set out in The Ramsay Way, which is the promise all Ramsay staff sign up to when they join the company, and something the organisation works hard to ensure that it remains the focus of its business.

Ramsay UK is committed to working in partnership with referrers and providers within our local healthcare economies to offer the highest quality care to all our patients working with our experienced clinicians and teams. **Simply, People Caring for People.**

Partnership **with the NHS**

Ramsay is proud to be the leading provider of elective NHS services in the Independent Sector. Our Hospitals maintain strong relationships with their local NHS Trusts, and are committed to developing partnerships and working collaboratively in their local health systems to meet the needs of their local communities and provide outstanding healthcare services. Ramsay believes every patient has the right to decide where they are treated, and actively seeks opportunities to build new facilities to meet the growing health needs of our communities. With strong financial stability, Ramsay continues to invest in its facilities and equipment to ensure we can continue to meet the needs of patients with increasingly complex healthcare needs.
