

## Exeter Medical

Exeter Medical is a day-case unit that opened in September 2007 and has provided first class private healthcare for patients with health insurance, patients who self-pay or NHS patients exercising choice through the e-referral system.

By investing in the latest advanced medical technology, we offer a wide range of treatments and services. We care for patients from outpatient consultation and diagnostics through to surgical treatment.

We are proud to be in partnership with some of the most qualified and experienced Consultants, along with dedicated staff who are highly trained and pride themselves on maintaining the highest levels of patient care to encourage a full and speedy recovery.

We look forward to welcoming you to Exeter Medical where you can be sure of the highest standard of patient care.

## How to find us

Exeter Medical, Admiral House, Grenadier Road, Exeter Business Park, Exeter EX1 3QF

Tel: 01392 363 534

### By Road

From the M5 Jn 29 is the preferred exit.

From both the M5 north and south bound carriageways exit at Junction 29 signed Exeter and Exeter Airport. Take the slip road and at the lights turn right onto the A30. Follow the signs towards Exeter, away from Exeter Airport.

After 400m turn right at the large roundabout by the Met Office and Honiton Road Park and Ride. After 200m at the first roundabout turn right onto Grenadier Road. Pass the EDF building on the right and Exeter Medical is located at Admiral House a short distance further on the left.

### By Public Transport

Exeter Medical is 4 Miles from Exeter Central Railway Station and 4.5 Miles from Exeter St Davids (South West main line).

Regular Stagecoach bus services run to the Met Office, and it is a 0.4 mile walk.

## Cardiology Services

## Exeter Cardiology Group

Exeter Medical is pleased to offer a comprehensive cardiology service for our patients. We arrange convenient appointments with leading consultant cardiologists and provide access to state-of-the-art diagnostic equipment and tests without waiting. Our service is supported by expert and experienced nurses.

Whether you need a health check, diagnosis or the management of an existing heart condition you can be rest assured that our team of specialists will offer you the best care.

We perform cardiovascular screening to assess your risk, heart age and recommended heart disease prevention strategies.

### We Offer

12 lead ECG, ambulatory ECG and BP monitoring, echocardiography, cardiovascular imaging including cardiac CT, invasive diagnostic coronary angiography +/- coronary angioplasty (stenting procedures), arrhythmia management (both medication and invasive) and cardiac surgery through our extensive network of highly qualified consultants.

When visiting us you can be assured we follow strict national guidance and infection prevention and control strategies to keep you safe.
