# GP Liaison **Officer**

In order to facilitate relationships between Mount Stuart Hospital and the wider healthcare community, we have a dedicated GP Liaison Officer working both in and around the Devon area. Carla Forbes is responsible for building and developing relationships between those referring their patients and the hospital providing this treatment. She is able to utilise the expertise of our Consultants to provide training and educational events to GPs, Practice Managers, Nurse Practitioners and Physiotherapists enabling continued professional development.

## What our GPL offers

Carla will provide:

- Lunch and Learn educational sessions.
- Consultant-led training for professionals.
- Social events and GP networking opportunities.
- Medical secretary workshops.
- Online referral system support.
- GP referral literature and regular hospital updates.
- A direct liaison between referrers, Consultants and hospital services.

# Physiotherapy at **Mount Stuart Hospital**

The Physiotherapy Department is staffed by professional and experienced clinical Chartered Physiotherapists. They work to Physiotherapy Chartered Society Standards supporting best practice and will strive to provide the best in patient care.

The department contains 3 spacious treatment rooms and a large fully-equipped gym. All physiotherapy patients are given a treatment plan which is established on assessment by their physiotherapist. This plan is regularly reviewed during the course of physiotherapy treatment.

We aim to see urgent referrals within 48 hours of referral and non urgent referrals within five working days. Referrals are accepted from GPs and Allied Professionals. Self paying patients may refer themselves for physiotherapy. Discharge reports are sent to the patient and the referrer when the patient has completed treatment. Packages of care can be provided for patients with long term rehabilitation requirements.

Referrals can sent by our secure portal which can be found at [ramsayhealth.co.uk/patientreferral](https://ramsayhealth.co.uk/patientreferral). If you have any questions, please call our friendly team on 01803 321 636 (Monday to Friday, 8am - 4.30pm).

# Diagnostic Services at Mount Stuart Hospital

Our service is run by a friendly team of experienced and qualified radiographers. Images are reported by a specialist Consultant Radiologist and sent directly to GP or referring healthcare professional, usually within 48 hours.

Radiology appointments can only be issued to the patient on receipt of a medical referral from the GP. The radiology form must be completed for all Private and Self Pay Radiology referrals and sent by our secure portal which can be found at [ramsayhealth.co.uk/patientreferral](https://ramsayhealth.co.uk/patientreferral)

# Referring **Private Patients Online**

The Ramsay Health Care online Patient Referral system has been designed to allow you to refer private patients easily, quickly and securely to your Ramsay hospital of choice.

As well as being quick and easy to complete, using the online system will also help reduce your postage costs and speed up the referral process - all in a secure, online environment.

To make a referral, simply visit [ramsayhealth.co.uk/patientreferral](https://www.ramsayhealth.co.uk/patientreferral) and complete the short form.

## MAKING AN **ONLINE REFERRAL**

1

In your browser go to [www.ramsayhealth.co.uk/patientreferral](https://www.ramsayhealth.co.uk/patientreferral).  
Login with **Ramsayonline** and Password: **Ramsaygp**

2

Select the Ramsay hospital that you wish to send the referral to from the drop-down list

3

Attach a copy of the referral letter by clicking on 'Select' and adding the file or copy and paste it directly into the form

4

Complete the remainder of the form noting the mandatory fields marked with an asterisk

If the consultant is unknown please select 'specialty referral only'

5

Once you have completed the form, press the 'Submit' button to send the referral directly to the Ramsay hospital

6

You see an immediate confirmation that the referral has been received (also sent by email) and the hospital processes the referral
