# We are **Ramsay Health Care UK**

Ramsay Health Care is a leading, global private health care operator which has been delivering great care to patients for over 50 years, with 480 hospitals and facilities across 11 countries including Australia, France, Denmark, Sweden, Italy, Norway, Germany, Indonesia and the United Kingdom. As an established healthcare provider, Ramsay is known for operating quality hospitals, with exceptional facilities, outstanding standards of patient care and safety and importantly, happy and driven staff.

In the UK, Ramsay Health Care operates 37 facilities across England, including 4 day case hospitals, offering a range of elective procedures including Orthopaedic, Spinal Surgery, General Surgery, Women's and Men's Health and Ophthalmology, and 3 Neurological Rehabilitation Centres. Ramsay is the largest Independent Health Care Provider of NHS elective care to the NHS, delivering 3% of all NHS commissioned elective surgery in 2018/19.

The culture of Ramsay Health Care centres on always striving to do the right thing for the patient. The strapline 'People caring for People' is not just a statement, but a reflection of the values set out in The Ramsay Way, which is the promise all Ramsay staff sign up to when they join the company, and something the organisation works hard to ensure that it remains the focus of its business.

Ramsay UK is committed to working in partnership with referrers and providers within our local healthcare economies to offer the highest quality care to all our patients working with our experienced clinicians and teams. **Simply, People Caring for People.**

## Hospital Director **Introduction**

Mount Stuart Hospital opened in 1984 and has provided first class healthcare for patients with health insurance, for NHS patients exercising choice through the e-referral system or for those patients wishing to self-fund their treatment. By investing in the latest advanced medical technology, we offer a wide range of treatments and services. We care for patients from outpatient consultation and diagnostics through to surgical treatment.

We are proud to work in partnership with some of the most qualified and experienced Consultants, along with dedicated staff who are highly trained and pride themselves on maintaining the highest levels of patient care to encourage a full and speedy recovery. This was identified by the Care Quality Commission during their most recent inspection in June 2018, when they rated us as 'GOOD'.

We very much look forward to welcoming you to Mount Stuart Hospital where you can be sure of the highest standard of patient care.
