Diagnostic Services at **New Hall Hospital**

Our service is run by a friendly team of experienced and qualified radiographers. Images are reported by a specialist Consultant Radiologist and sent directly to GP or referring healthcare professional, usually within 48 hours. Radiology appointments can only be issued to the patient on receipt of a signed medical referral from the GP or IR(ME)R certified AHPs.

Our new static Siemens 1.5 Tesla MRI scanner comes with a noise reducing quiet suite to help reduce patient anxiety during the scan and is a wide bore, so less claustrophobic.
